NWSAmarillo

weather.gov/ama

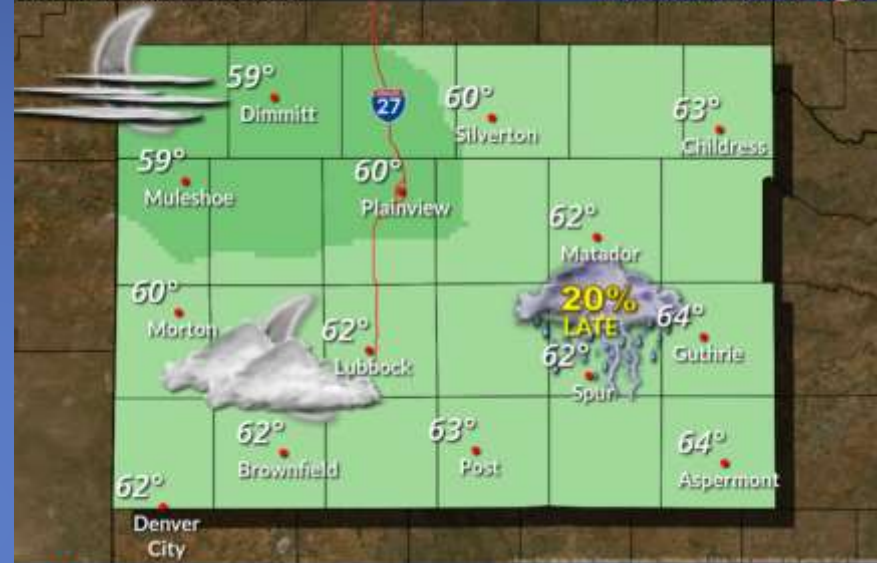

Sunday looks to bring a slight chance for showers and thunderstorms. Should storms develop, a couple could become severe in the southwestern half or so of the Texas Panhandle. Large hail and damaging winds will be the primary hazards should severe thunderstorms develop.

## Tonight

Chance for thunderstorms east of I-27 late

Weather Forecast Office  
Lubbock, TX

Issued Jun 05, 2021 3:05 AM CDT

NWSLubbock

weather.gov/lub

It will be another pleasant night across the area with temperatures dropping back into the upper-50s and low-60s. Very late tonight areas east of I-27/US 87 may see a shower or a thunderstorm otherwise dry conditions will prevail.

# Hazardous Weather

## Saturday

High temperatures on the rise with isolated thunderstorm chances

Weather Forecast Office  
El Paso, TX  
Issued Jun 04, 2021 7:43 PM MDT

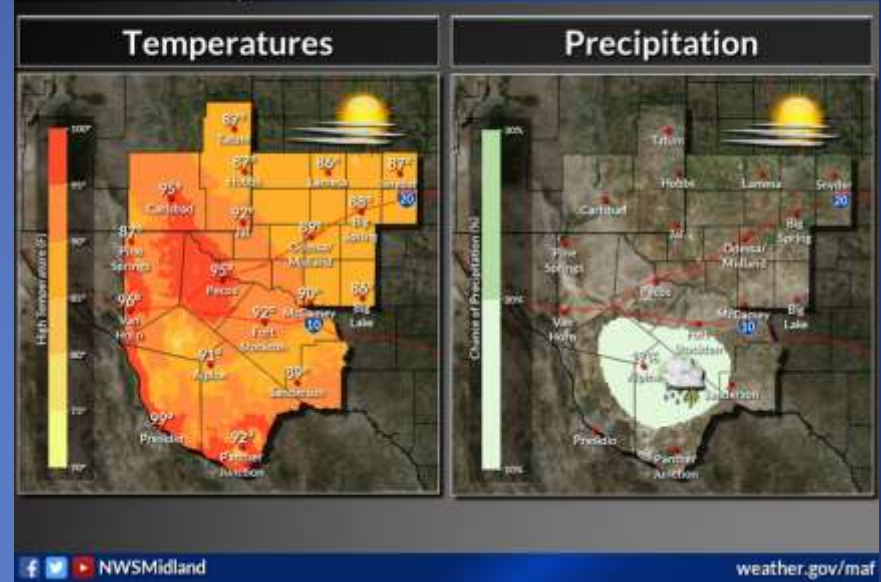

Expect another chance for isolated showers and thunderstorms on Saturday, first across the high terrain of the Gila and the Sacramento Mountains then across the lowlands. The better chance for storms will be in the the afternoon. Some storms can produce heavy downpours, gusty winds and small hail. The high temperatures will be a few degrees above the normal for most areas.

## Today...

Near- to below-normal temperatures and a few storms...

Weather Forecast Office  
Midland/Odessa, TX  
Issued June 5, 2021 3:55 AM CT

Near- to below-normal temperatures and a few storms near the Davis Mountains are expected today.

# Hazardous Weather

## Tonight...

Near-normal temperatures and a few storms...

Weather Forecast Office  
Midland/Odessa, TX  
Issued June 5, 2021 4:04 AM CT

### Temperatures

### Precipitation

[f](#) [t](#) [v](#) [p](#) NWSMidland

[weather.gov/maf](http://weather.gov/maf)

Near-normal temperatures and a few storms are expected tonight.

## Today

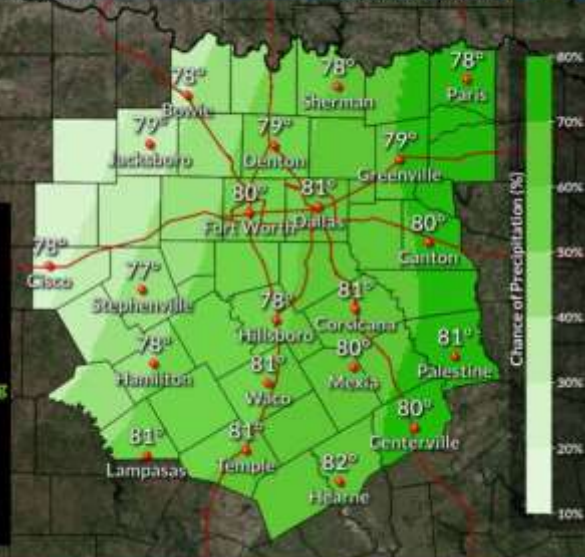

Rain/storm chances greatest along and east of I-35

Weather Forecast Office  
Fort Worth, TX  
Issued Jun 05, 2021 2:51 AM CDT

A slow moving upper low will keep rain/storm chances in the forecast across North and Central Texas today. The greatest chance for showers and isolated/scattered thunderstorms will be along and east of I-35.

Locally heavy rainfall and lightning are the main threats with any stronger thunderstorms.

[f](#) [t](#) [v](#) [p](#) NWSFort Worth

[weather.gov/fortworth](http://weather.gov/fortworth)

A slow moving upper level low will keep rain/storm chances in the forecast across North and Central Texas today. The greatest chance for showers and isolated/scattered thunderstorms will be along and east of I-35. Locally heavy rainfall and lightning are the main threats with any stronger thunderstorms.

# Hazardous Weather

**Rain chances will increase again today into the early evening with some Locally heavy rainfall possible mainly east of I-35. Isolated areas of flooding remain possible. Temperatures will remain below normal today across most areas, but near normal temperatures and drier conditions are expected near the Rio Grande.**

**Isolated to scattered showers and thunderstorms are possible across the Victoria Crossroads and Coastal Bend today, but the rest of the area will remain dry. Light southeast winds and partly cloudy skies will keep temperatures warm today, with highs in the mid 80s to mid 90s.**

# Hazardous Weather

## Mild Tonight | Rain Chances Diminishing

Partly Cloudy Skies | Isolated Storms Still Possible East

Weather Forecast Office  
Corpus Christi, TX  
Issued Jun 05, 2021 3:59 AM CDT

Rain chances will diminish tonight, with some isolated showers remaining over the Victoria Crossroads and along the coast. Temperatures will be mild under partly cloudy skies.

## Today | Mild and Much Drier

Favorable Marine Conditions for Mariners

Weather Forecast Office  
Brownsville/RGV, TX  
Issued Jun 05, 2021 4:23 AM CDT

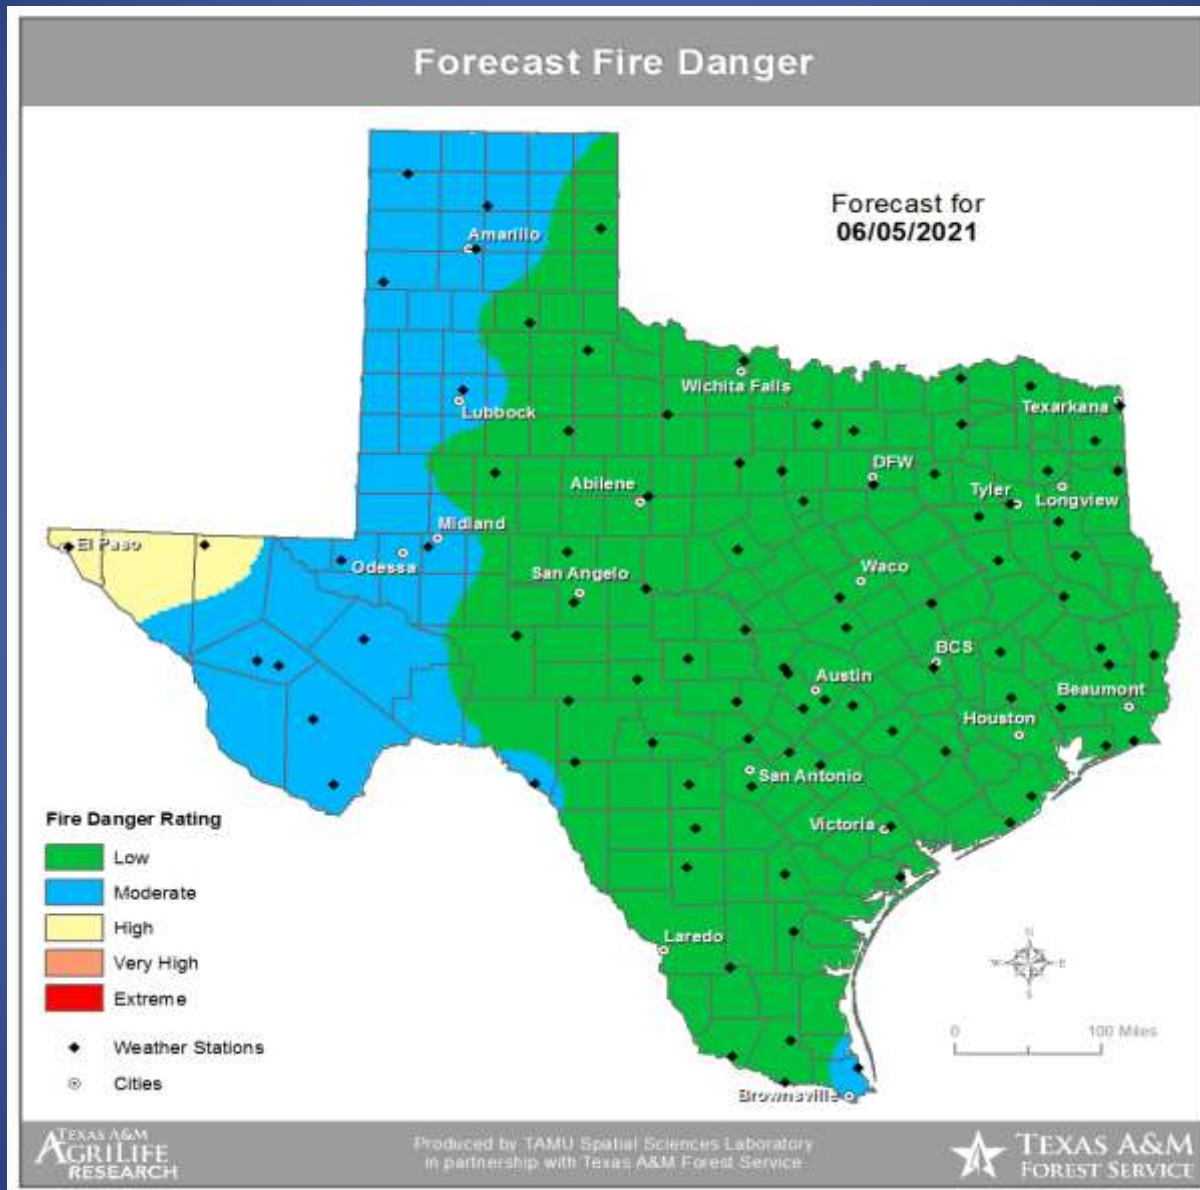

Low pressure moving away from Deep South Texas and the Rio Grande Valley will result in drier weather across the region today with mild temperatures. Meanwhile, along the Lower Texas Coast, mariners can expect favorable marine conditions with light winds and low seas.
